Resell CNC Auctions to Auction Machinery & Equipment from a Full-Service Machining, Fabricating & Welding Facility in Western Michigan

Grand Rapids, IL, January 14, 2019 – Hilco Industrial, in partnership with Resell CNC and Miedema Auctioneering & Appraisals, Inc., have announced today the sale of CNC machining, metal fabrication, and welding operation assets from A & B machining Inc – a division of Westshore Innovative Network through a live, onsite webcast on February 21 (10:00 am ET).

The Westshore Innovative Network (WIN) is a group of companies that offer a wide a variety of manufacturing services, including CNC machining of complex, tight tolerance components; metal cutting, fabrication and welding of sheet metal and plate steel; part certification through an ISO/IEC 17025 accredited metrology lab; as well as assembly and painting operations. This sale is an opportunity to purchase high-end CNC machine tools, fabrication equipment, test/measurement equipment, and support equipment. Select machines are available for immediate sale in advance of the webcast.

The equipment is located in Grand Haven, Michigan and includes (3) SNK CNC bridge mills, a CNC horizontal boring mill, (9) CNC vertical machining centers, CNC lathe/turning centers, planer mills, CNC lasers, press brakes, welders, and much more.

Individuals can bid onsite at 355 North Griffin St., Grand Haven, Michigan, or online at <https://www.hilcoind.com/sale/ab-machining>. The equipment can be inspected on Wednesday, February 20, between 8 am and 4 pm ET, or earlier by appointment. Complete details about the auction and lot catalog are available at <https://www.hilcoind.com/sale/ab-machining>.

Interested parties can contact Ken Planet at KPlanet@hilcoglobal.com or +1 248.419.1964 for more information on the equipment and sales process.

Hilco Industrial (www.hilcoind.com) provides industrial asset disposition services, specializing in machinery, equipment, and inventory auctions and negotiated sales. It sells the broad range of industrial assets found in manufacturing, wholesale and distribution companies. Hilco Industrial performs dispositions through on-site, online and combination webcast auction sale events as well as negotiated (private treaty) sales. In addition to providing services on a fee or commission basis, Hilco Industrial has capital to put at risk and often acquires assets or provides guarantees. Hilco Industrial is headquartered in Grand Rapids, Michigan, and operates as a part of Hilco Global (www.hilcoglobal.com), the world's leading authority on maximizing the value of business assets by delivering valuation, monetization and advisory solutions to an international marketplace.

Resell CNC is proud to be the leading dealer in today's global market for used CNC machinery, which is managed by individuals with over 125 years' combined experience in buying and selling used manufacturing equipment. Resell CNC also provides a timed online auction platform to buy and sell surplus equipment effortlessly. www.resellcnc.com

Miedema Auctioneering & Appraisals, Inc. has been a trusted source for auction services since 1984. Their team incorporates the latest technological advances into their live and internet auction services to ensure that their clients always have the best possible results. www.miedemaauctioneering.com
